

A Threaded Discussion Checklist Assessment

A threaded discussion includes asynchronous or synchronous posts, made by students, to an online discussion board. I assign topics for threaded discussions and students can be divided into groups for interactive exchange.

| Does not meet standards | | Meets standards |
|-------------------------|---|-----------------|
| | Includes posts from at least 4 time points | |
| | Includes samples from the required number of students | |
| | Posts demonstrate improvement in student understanding related to the assignment objective indicated | |
| | Posts demonstrate improvement in student understanding related to the general driving question objective indicated. | |
